

About The Bible

Today God is drawing people who want to study the Bible into a vital and living relationship with Him. God wants people to study the Bible to learn about Him and learn how to serve Him throughout the week. The unfortunate situation is that there is not a lot of that type of teaching going on in a lot of churches today. Based upon the Bible, there are some principles that we see as the church began with the early

apostles. Their activities encompassed six basic purposes which guided the early church in fulfilling their purpose and mission. These we incorporate into our life at Fellowship Baptist Church.

A. Worshiping - Praising God for who He is and what He has done.

B. Teaching/Discipleship - Learning and applying God's Word, following it and enjoying it.

C. Fellowship -- Building supportive, mutually accountable relationships.

D. Ministry - Using spiritual gifts and loving each other in practical ways to meet the needs of others, having a servant's heart.

E.. Prayer - Listening to God and talking intimately with Him about personal matters, the needs of others, and His work in the world.

F. Missions/Outreach - Meeting America's Greatest Need, One Life At A Time, through evangelism and ministry, sharing the Good news so that many people can understand that they can go to heaven by putting their faith in Jesus Christ.

At Fellowship, our activities are designed to incorporate these principles in everything we do. This fall we anticipate beginning Faith Bible Institute at our church and to offer to those who want it, the opportunity to earn a three year Bible Diploma, to help Disciples of Jesus Christ grow in a way not available in most churches.
