

# *A Cheerful Couple with a Basket Tucked Under One Arm*

What does this imply? They are friends from Fellowship Baptist Church bringing information to newcomers in our community. This information, hopefully, will help new folks arriving in our community to be better informed about the peaceful, beautiful, yet exciting atmosphere that Fairfield Glade really is.

It can be difficult to move into a new community if one has to search for necessities on their own. But with a little help and a show of friendliness, newcomers can be more at ease and feel welcome.

New Move-In Ministry***

That's what this basket is all about – along with a friendly smile and some homemade goodies we want folks to know that God cares and that we care. We all understand change is difficult and trust that this small effort will help.
